Artwork Proofing Terms

Please Check Carefully: Design, spelling, size etc. and make any alterations where needed as the responsibility for its accuracy rests with you, our valued client.

Corporate Colours: We rely on our clients to know and be aware of colours that are prone to vary and understand the variances that can occur with print. Although colours specified in artwork proofs are correct, these cannot be matched specifically to your screen or a job that has been printed previously with different printing processes.

Artwork Approval: In approving your artwork for print, you are verifying that all details on the artwork proof have been checked and are correct. You understand QSF can only match on the information given and they are not solely responsible for any colour errors. In approving your artwork, you understand that any changes after approval (including relocation of signs) will incur charges.

Prices of signs include standard installation and removal (ie. in ground) any other type will incur extra charges. P.O.A.

*Where a proof is required, please check thoroughly and return with corrections marked clearly. If standard sign proof is approved by 3:00pm, the sign will be installed the following working day.**
